# CTE Partnerships at Work

*Building Skills, Shaping Futures*

**This one-and-a-half-day Summit brings together industry leaders, educators, and workforce development advocates to explore and strengthen the partnerships that power career and technical education. Through real-world examples and a featured school site visit, attendees will discover how collaboration between business and education is building skills, shaping futures, and making a lasting impact on the future workforce and the communities they serve.**

## Summit is Designed For:

- **Association & Nonprofit Leaders**
  - Leaders from education and workforce development associations
  - Nonprofit professionals focused on career readiness and youth employment
  - Foundation representatives supporting CTE and workforce initiatives
- **Industry & Business Leaders**
  - Workforce development and talent pipeline managers
  - HR professionals and corporate training leaders
  - Business executives engaged in education partnerships
- **Policy & Government Stakeholders**
  - State and local workforce development board members
  - Education and labor agency representatives
  - Economic development and policy advisors

## Registration Fees:

### Summit Registration | \$375.00

Your registration includes:

- Access to all Summit sessions and program materials
- Directory of Summit participants
- Hot breakfast, lunch and refreshments Monday
